

Federal Gas Tax Revenue - Annual Expenditure Reporting Module
Roads and Bridges

Length of road closed to traffic	3.08
Length of detour route for bridge closure	8.85
Estimated # of days road closed to traffic (conventional construction)	121
Current traffic volume (actual or estimated)	3370
% Light trucks (pickup)	0
% Trucks (heavy truck)	0
% Trucks (tractor/trailer)	0
% Trucks (B trains)	0
Pavement smoothness (of road section to be closed)	3
Total Current Emissions	1.96
Pavement smoothness (of detour route)	8
Total Emissions	5.45
Increased CO2 (as a result of road closure)	3.48
Increased CO2 (total kilograms)	421.59
Estimated # of days road closed to traffic (new technologies used for construction)	121
Increased CO2 (as a result of road closure)	421.59
Reduced CO2 (a result of using technologies that reduce the number of days a road closure is required)	0
